
THE CONTRACTSURE APPROACH

As a completely independent Lloyd's broker we strive to ensure that we only use insurers with the best possible security ratings. Our independence also means that we do not enter into management agreements with insurers, therefore we have no obligation to transact a guaranteed minimum amount of business with any particular insurer. This enables us to remain unrestricted when we place our business in the Lloyd's and London insurance markets.

This results in us being able to provide:-

- Innovative solutions
- Cost effective bespoke policies
- Pro-active claims handling
- In-house services. No outsourcing
- Client satisfaction
